

**#MedXPMI:** From Precision Medicine to N of 1

*how might we ensure all might we ensure all research engages participants as partners*

what else would **you** like to **share**?

what's your experience with research?

what would you, specifically, like?

what would you not like?

Don't be shy!

Grab a post-it note and a sharpie and add your thoughts to this design board.

{thanks!}
